

EUCALIF

EUCALYPTUS OIL FEED PREMIX

**Eucalyptus
Oil Feed
Premix**

WHAT IS EUCALIF:-

Oils are derived from the eucalyptus plant, can be used in poultry feeding as a natural growth promoter and to improve overall health. It's known for its antioxidant and antimicrobial properties, which can enhance appetite, improve digestion, and potentially reduce the need for antibiotics. Studies suggest it can positively impact growth performance, antioxidant status, and immune response in both broiler chickens and laying hens.

COMPOSITION:-

Each kg contains:

Eucalyptus Oil 80%	10%
Peppermint Oil	07%
Carrier	Q.S.

BENEFITS:-

- ◆ Improves growth performance in Poultry.
- ◆ Enhances immune response in Poultry.
